The New Mexico Department of Transportation is conducting a virtual public information meeting to collect input on the preliminary and final design of the **US 380, Phase I and Phase II, MP 158 to MP 242 (New Mexico/Texas State Line)** project. The US 380 project runs from the eastern side of Roswell near the intersection of NM 254 (White Mill Road) at Milepost (MP) 158 to the New Mexico/Texas State Line at MP 242. The project is 84 miles long and travels through Chaves County, Lea County, Caprock, and Tatum. The goal of the project is to identify and address any existing deficiencies that might exist within the corridor.

Meeting Intent

The purpose of the meeting is to provide more information about the project, review the project's existing conditions, explain how to provide input to the project team, and describe the project's next steps.
