**Bidding Information:**

The conditions and specifications set out in the invitation to bid are inseparable and indivisible. Any vendor, by submitting a bid, agrees to be bound by all such conditions and/or specifications. All conditions and specifications in the invitation to bid, and all other documents required to be submitted, shall be returned by the vendor in their bid package. Method of award shall be to one or more vendors for each group. Items shall be awarded to one or more vendors per group as follows:

Items 001 thru 004 and Items 105 thru 106– Metal Beam End Terminal

For a bid to be considered for award to a group, prices must be submitted for all items for that group. Failure to do so will result in the bid being deemed irregular and rejected from consideration for award to that group.

This price agreement may be awarded to one (1) or more vendors, but not to exceed three (3) vendors per group or item.

**Utilization of Vendors:**

The following procedure for the utilization of vendors shall be used on multiple source price agreements.

1. The selection of a vendor from a multiple source price agreement to provide items shall be based on the purchase order utilizing pricing contained within this price agreement.
2. The District Engineer or their designee shall evaluate the estimated quantities, unit costs, total costs per item, and total purchase order costs for each awarded vendor.
3. The vendor selected to perform the work shall be the vendor providing items for the specific purchase order at the lowest overall cost to the NMDOT and able to meet all requirements including delivery schedule. A vendor **not** offering the lowest cost to the NMDOT can be used for the specific purchase order if the vendor providing the lowest overall cost is unable to meet all item and delivery requirements as determined and documented by the District Engineer or their designee. Any changes to the original purchase order will require a modification form signed by the District Engineer or their designee. All supporting documentation shall be maintained in the project file.

Indemnify and hold harmless The State of New Mexico, its officers and employees, against liability, claims, damages, losses or expenses arising out of bodily injury to persons or damage to property caused by, or resulting from, vendor and/or its employees, own negligent act(s) or omission(s) while vendor, and/or its employees, perform(s) or fails to perform its obligations and duties under the terms and conditions of this price agreement.
