2. **Variation in Quantity:** No variation in the quantity of any item called for by this order will be accepted unless such variation has been caused by conditions of loading, shipping, packing or allowances in manufacturing process and then only to the extent, if any, specified in this order.
3. **Assignment:**
 - a. Neither the order, nor any interest therein, nor any claim thereunder, shall be assigned or transferred by the Vendor, except as set forth in Subparagraph 3b or as expressly authorized in writing by the State Purchasing Agent or his/her designee. No such assignment or transfer shall relieve the Vendor from the obligations and liabilities under this order.

fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the State shall determine that the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Vendor to meet the required delivery scheduled. The rights of the State provided in this paragraph shall not be exclusive and are in addition to any other rights now being provided by law or under this order.

12. Non-Collusion: In signing this bid the Vendor certifies he/she has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the State Purchasing Agent or his/her designee.

18. Submission of Bid: Bids must be submitted in a sealed envelope with the bid number and opening date clearly indicated on the bottom left hand side of the front of the envelope. Failure to label bid envelope will necessitate the premature opening of the bid in order to identify the bid number.

19. Contractor Personnel: Personnel proposed in the Contractor's written bid to the Procuring Agency are considered material to any work performed under this Price Agreement. Once a Purchase Order or contract has been executed, no changes of personnel will be made by the Contractor without prior written consent of the Procuring Agency. The prices quoted herein represent the total compensation to be paid by the State of New Mexico for services provided. It is understood that the party providing said services to the State of New Mexico is responsible for payment of all costs of labor, equipment, tools, materials, federal taxes, permits, licenses, fees, and any other items necessary to complete the work provided. The prices quoted in this Price Agreement include an amount sufficient to cover such costs. Bid item cost shall be rounded to the nearest cent.

The Contractor shall be considered an independent Contractor and not an employee of the State of New Mexico. The NMDOT shall provide direction regarding the time and place of performance and compliance with rules and regulations required by this price agreement.

Bid Review:

The analysis and recommendation for award will be sent to State Purchasing for final determination.

Method of Award:

Method of award shall be to one or more vendors statewide.

For a bid to be considered for award prices must be submitted for all items. Failure to do so will result in the bid being deemed non-responsive and rejected from consideration for award.

Utilization of Vendors:

The following procedure for the utilization of vendors shall be used on multiple award price agreements.

1. The selection of a vendor from a multiple award Price Agreement to complete a project shall be based on the purchase order utilizing pricing contained within this Price Agreement.
2. The District Engineer or their designee shall evaluate the estimated quantities, unit costs, total costs per item, and total project costs for each awarded vendor.
3. The vendor selected to perform the work on the project shall be the vendor providing services for the specific project estimate at the lowest overall cost to the NMDOT and able to meet all project delivery requirements including project schedule. A vendor **not** offering the lowest cost to the NMDOT can be used for the specific project if the vendor providing the lowest overall cost is unable to meet all project requirements as determined and documented by the District Engineer or their designee. Any changes to the original purchase order will require a modification form signed by the District Engineer or their designee. All supporting documentation shall be maintained in the project file.

Escalation Clause:

In the event of a product cost increase, an escalation request will be reviewed by the State Purchasing Division on an individual basis and approved by the State Purchasing Agent. This measure is not intended to allow any increase in profit margin, only to compensate for an actual cost increase.

Effective dates for increase will not be any sooner than fifteen (15) days from the date the written request is received by this office. To facilitate prompt consideration, all requests for price increase must include all information listed below:

1. Price Agreement Item Number
2. Current Item Price
